Dear Misses Smith;

Thank's so much for your intrest in all teachings. Combel is such a pretty name! My cat with a missing front foot was combell (notice the bell at the end of it)

So I want to HELP your child. What are his/she problems? With the brain or others? I charge low rates because I dont really need the money too bad, its \$35.50 for each 50 minutes. I just want to HELP and give an excellent coach. Easy. The special is classic English/Tuvan literature but I coach all particular styles, plus computer talent so important now.

You wont come to the States only Nany? Where do they stay? I have a gargage apartment and some spiders, but it is safe. The rate here is \$265.75 for each month thereafter. Low!

Good luck in Spain. What is your childs name? I hope your enjoying Spain. Like, Mexicans? Just curious because the wonderful man who snips my weeds (Algodones) speaking flatulent Spanish. "Como sta Ulster!" (jk!)

HELPIng the child,

Dear Misses Smith,

Of course I want to HELP Doog! That is why I write! If he comes from the San Fernando Valley area, then he flies to Burbank. From anywhere else in the world, (without Dallas and Tongo) he flies to Los Angeles (LAX'y). Please let me know exactly when he arrives (airline, passport number, cocek, pants color) and I will pick him up in my Lexus (brown color at all times).

But I need to know more about Doog to prepare my lecture at him. This is very important. His brain, other parts. Voice, nose, "persimmons"). What food does he chew? Has he been beaten properly (stick?); Alcohol, beer? Mainly the brian. Does he alert when I speak to him? Combell (dead cat) did nice tricks! Okay? So, So, important for Doog!

Help DOOG.

Brittany B. xoxo :)
